

AT-45

SINGLE LINE TELEPHONE

THAT SUIT YOUR WORKING SPACE.

- ✓ 3 Programmable Ringer Tones
- ✓ Mute Control
- ✓ Switchable Tone or Pulse Dialing
- ✓ Last Number Redial
- ✓ Adjustable Ringer / Handset Volume
- ✓ Wall Mounted
- ✓ Time Flash
- ✓ 4 One-Touch Memories
- ✓ Message Waiting Lamp

Delivering a host of user-friendly features, the AT-45 single line telephone matches your telephone networking requirements both in reliability and durability. The slim design with an easy-grip ergonomic handset will fit perfectly for small to medium business communication.

FEATURES

3 PROGRAMMABLE RINGER TONES / ADJUSTABLE RINGER VOLUME

Set your favorite tones when you are bored with the normal tones. An added feature that will liven up any work environment. Ringer Volume can also be adjustable to low, medium or high.

MUTE CONTROL

Switch on to MUTE when you do not want the caller to hear your background discussions.

WALL MOUNTED

Save desk space by switching to wall mount your phone, most appropriate for tight space rooms like the utility, pantry or copying room.

LAST NUMBER REDIAL

For speed dialing of last number recently used. Saves time on follow-up calls.

ADJUSTABLE HANDSET VOLUME

Adjustable handset volume to high or low easily.

TIME FLASH

This feature supports Call Waiting and PBX functions. A safety measure to help ensure that important calls or hold-lines are not accidentally cut off.

SWITCHABLE TONE OR PULSE DIALING

This dual setting of Tone (push button) and Pulse (rotary) is an added function capable to work on tone or pulse type of telephone lines.

4 ONE-TOUCH MEMORIES

Store up to 4 speed dial numbers to instantly place a call by pressing the designated button to save time.

MESSAGE WAITING LAMP

The message waiting lamp blinks whenever there is an incoming call or voice mails reviewed, to ensure all important calls are not missed in any environment.
